

2022-2023 University Housing Community Standards

Life in a University housing facility is based on the premise that learning on a college campus occurs both inside and outside of the classroom. In order to maintain a successful residential environment, residents must feel like they are part of a supportive and caring community that allows them to sleep, study, develop relationships, and connect to the UK campus. As such, University Housing Community Standards have been established with the goals of the residential community in mind and in accordance with University policies, and local, state, and federal laws.

All members of the residential community, students, and staff alike, are responsible for maintaining University Housing Community Standards (UHCS). If a resident engages in behavior that is considered a violation of one of these standards, a staff member will write a report of the incident (Incident Report) and refer the report to the appropriate individual or office for review and follow-up. Additionally, attempts to engage in prohibited behaviors or assisting in commission of such behaviors can be treated as if the attempted violation occurred. Follow-up on an Incident Report may involve an informal meeting between the involved party and a Housing Conduct Officer, who may be a Resident Director, other Residence Life staff member, or Fraternity & Sorority Life staff member.

After discussing the incident, if the Housing Conduct Officer determines, by the preponderance of the evidence (more likely than not), that a violation of the UHCS occurred, a restorative action plan may be issued. Possible restorative actions include, but are not limited to: a written warning, conduct or residence hall probation, restriction of visitation privileges, monetary restitution, completion of substance education workshops, participation in educational programs, written reflection, or transfer to another housing facility. If the appropriate restorative action is cancellation of the housing contract, the Incident Report will be referred to the Office of Student Conduct.

Incident Reports also may be referred to the Office of Student Conduct and/or the Office of Institutional Equity & Equal Opportunity. Referred incidents will be resolved according to the policies and procedures of the department responsible for resolution. Any case that may result in termination of a student's residence in campus housing will be automatically referred to the Office of Student Conduct.

Rights in the University Housing Student Conduct Process are as follows:

1. To be treated fairly in the University Housing conduct process.
2. To be provided written notice of any allegation or formal charge of the misconduct, as well as a description of the alleged misconduct.
3. To be presumed not responsible for a violation until determined otherwise. The burden of proving a violation of the University Housing Community Standards and/or Code of Student Conduct is on UK.
4. To review the information contained in the Incident Report, with all personally identifying information of other students removed (if appropriate), in advance of a student housing conduct meeting.
5. To have access to the recording of a hearing in which the Student is the Respondent or Complaining Witness. To present relevant information verbally or in writing on their behalf.
6. To have up to two (2) Support Persons present at a student housing conduct meeting to provide emotional or other support.
7. To know the identity of persons speaking or providing written information to University Housing regarding an alleged violation of UHCS.
8. To ask reasonable questions and challenge, either verbally or in writing, the allegation(s), formal charge(s), or information provided during a student housing conduct meeting.
9. To not speak or answer any question during a student housing conduct meeting. Refusal to do so is not considered admitting responsibility for an alleged violation.
10. To request an alternate Housing Conduct Officer or Outcome Review Conduct Officer based on a conflict of interest or bias.

11. To provide an impact statement(s) for consideration during the restorative action phase of a student housing conduct meeting or during a restorative conference.
12. To request an Outcome Review of any decision of a Housing Conduct Officer.

Note: When cases are referred to the Office of Student Conduct, the Office of Institutional Equity and Equal Opportunity, or other University Offices, the student rights and processes of those offices will apply.

Procedures:

A. Initiating the Housing Conduct Process:

1. When a potential violation of the UHCS is observed by or reported to a Residence Life staff member, an Incident Report will be written. Members of the community may also submit good faith complaints for review in the student housing conduct process. An Incident Report is a written account of an event or situation. An Incident Report may include supporting documentation such as pictures, video etc.
2. The Incident Report will be reviewed by a Housing Conduct Officer and assigned for management. Reports may be referred to other UK offices depending on the nature of the report or complaint. In matters where support services are necessary, the Incident Report may be shared with appropriate support services. The engagement of support services does not prevent the initiation of the student conduct process.
3. The Housing Conduct Officer will review the report to determine if the report has merit. If the report lacks merit, it will be dismissed. Appropriate parties will be informed in writing within two (2) calendar weeks of the dismissal or a timeline for determining the merit of the complaint.
4. The notice letter will include a summary of the complaint, the alleged policy violations, the date, time, and location of the informal meeting, and any interim measures. The notice letter will be sent to the Respondent via UK email no less than two (2) business days prior to a scheduled conduct meeting. Failure to read the notice letter or attend the informal meeting may result in the case being heard in the Respondent's absence. Cases heard in a Respondent's absence may not be eligible for the outcome review process.
5. The time and date of the informal meeting is determined by the Respondent's class schedule and the availability of the Housing Conduct Officer. An investigative meeting or informal meeting will only be rescheduled for good cause, as determined by the Housing Conduct Officer.
6. Prior to any student conduct meeting, the Respondent may contact the assigned Housing Conduct Officer to arrange to review information relevant to the allegations.

B. Informal Meeting Process: Housing and Fraternity/Sorority Life

1. Respondents will be provided with an informal meeting to resolve the allegations. Informal meetings are closed to the public. Informal meetings permit the Respondent to discuss the allegations with a Housing Conduct Officer. Respondents may have up to two (2) Support Persons present at a meeting. A Support Person may not represent, speak on behalf of, delay, disrupt, or otherwise interfere with a student conduct meeting. Further, a support person may not be an involved party in the incident being discussed.
2. The Housing Conduct Officer will complete the following procedure:
 - a. Provide an opportunity for the Respondent to review their rights;
 - b. Review the informal meeting process and the alleged violation of the UHCS;
 - c. Review the Incident Report.
3. The Housing Conduct Officer will provide the Respondent with an opportunity to respond to the report and the alleged violations.
4. The Housing Conduct Officer will determine if there is sufficient information to meet the standard of proof, which is the preponderance of the evidence. The following may be decided as a result of the informal meeting:
 - a. The Respondent is found not responsible for a violation of UHCS;
 - b. The Respondent is found responsible for a violation of UHCS and accepts the proposed restorative actions;
 - c. The Respondent is found responsible for a violation and does not accept that they are responsible for the violation of UHCS and does not accept the proposed restorative action plan;

- d. The Respondent is found responsible for a violation of UHCS and accepts the responsibility but does not accept the proposed restorative actions.
5. Cases are not eligible for an outcome review when the Respondent accepts the finding of responsibility and restorative action plan during the informal meeting.
6. The Respondent will be provided written notification of outcome within seven (7) business days of the conclusion of the informal meeting process.
7. Failure to complete the assigned restorative actions by the assigned deadline may result in a disciplinary hold or additional student conduct action.

C. Restorative Conference:

1. A restorative conference provides an opportunity for interaction between the Respondent and any harmed party or Complaining Witness, but also may involve the community in the decision-making process. Community participants may be anyone in the community concerned about the behavior. The goal is to provide everyone a voice in the process and bring understanding to all parties. Restorative conferences also allow for collaboration in deciding what is to be done about the incident in question and also to address any underlying problems that led to the incident.
2. Participation in a restorative conference is voluntary. All parties must willingly agree to attend. The Respondent must have previously accepted responsibility for the behavior in question for a restorative conference to occur. Restorative conferences may or may not result in restorative actions, depending on the outcome of the conference.
3. If a resolution is not met through the restorative conference, the student housing conduct process will resume, and an informal meeting will be scheduled to determine restorative actions.

D. Outcome Review Procedures:

In cases where a Respondent is found responsible for a violation and a restorative action plan is issued, the Respondent may request an outcome review. Outcome reviews are handled by an Outcome Review Conduct Officer, who is normally an Associate or Assistant Director of Housing, or equivalent. Outcome reviews must be based on one or more of the following issues:

1. The information that was available to the Housing Conduct Officer was insufficient to support the decision that a violation of policy occurred,
2. Whether deviations in procedures were significantly prejudicial (i.e., would alter the outcome of the informal meeting). In such cases, the Outcome Review Conduct Officer will determine if the informal meeting was conducted fairly in light of the alleged violations and information presented, and in conformity when prescribed procedures providing UK and the Respondent to present information regarding the allegations,
3. The assigned restorative action is too severe for the violation that occurred, and/or
4. New information is available that was not available during the original student housing conduct meeting.

When a Respondent requests an outcome review at the conclusion of the informal meeting:

1. The Housing Conduct Officer will refer the request to an Outcome Review Conduct Officer.
2. The Outcome Review Conduct Officer will send a meeting notification letter to schedule a meeting within seven (7) business days from the date of the outcome letter sent after the informal meeting in which the outcome review was requested. Failure to read the notice letter or attend the outcome review meeting may result in the Outcome Review Conduct Officer making a decision in the Respondent's absence.
3. Student Housing outcome review decisions are final.

Interim Measures: Residents may be temporarily removed from housing before a student conduct meeting occurs. An interim removal from housing is imposed to ensure the health, safety, or wellbeing of members of the residence hall community or to preserve property. Interim removals will be followed by a meeting with a University representative.

University Housing Community Standards:

The following behaviors do not adhere to the community standards of the residential environment:

- 1) Use, possession, manufacturing, or distribution of marijuana, heroin, narcotics, or other controlled substances and/or paraphernalia except as expressly permitted by law,
