The Area Director can help answer questions about the Residential Facility and its community, as well as the University, and City of Lexington.

The Area Director's responsibilities may require them to be out of their office. They have voicemail service in which the Licensee can leave a message. Anytime the Area Director cannot be reached, the Licensee can visit the desk operated on the undergraduate front desk of University Flats with any questions, comments, or concerns.

Before the Licensee moves into the Assigned Residential Facility, the Area Director or another Campus Housing staff member will perform a walk-through inspection of the unit. *The Licensee is responsible for completing a Room Condition Report (RCR) and turning it into the Area Director within forty-eight (48) hours of their first date of occupancy.* The RCR is to protect the Licensee from being held responsible for existing conditions. When the Licensee moves out, the Area Director or another Campus Housing staff member will perform a check-out inspection of the Assigned Residential Facility if requested by the Licensee; otherwise, the checkout inspection will be performed after departure or within 48 hours of the license end date.

- The final inspection will be scheduled at least eight business days prior to the date the Licensee is scheduled to vacate the Assigned Residential Facility. The Licensee must contact their Area Director to schedule the appointment.
- The Licensee completes all procedures as outlined in this Handbook.
- The Assigned Residential Facility must be cleaned prior to the inspection. It is not necessary for the Licensee to physically vacate the Assigned Residential Facility before the inspection date.
- The inspection MUST be completed on the scheduled date. The Area Director is responsible for completing the paperwork and for turning the paperwork into the office.
- The Assigned Residential Facility will be assessed for any cleaning or damage charges. The charges, if any, will be deducted from the deposit.
- **CHECK REFUNDS:** Campus Housing will complete the paperwork necessary to process a refund check. The Campus Housing Office does not issue the check. The University’s partner, and building owner, GREP South, LP will prepare and distribute all refund checks. The Licensee should receive the refund check to their forwarding address after their departure.

TRANSFERS WITHIN GRADUATE AND FAMILY HOUSING

A “Transfer Request” online form must be completed when a Licensee wishes to transfer within Graduate and Family Housing or University Flats. Requests for transfers are accepted for the following reasons:

- To move to a different size apartment (i.e., from an efficiency to a one-bedroom).
- To move to a different apartment complex.
- For extenuating circumstances.

Transfer assignments are based on need and availability of requested Residential Facilities. Campus Housing will not process transfer requests during peak assignment periods (approximately two months prior to and one month following the beginning of fall and spring semesters). There will be a \$200.00 transfer fee assessed at the time the transfer is executed. Two Licensees living in the same apartment will pay one transfer fee if they are moving together. They will EACH pay a transfer fee if they are moving to separate Residential Facilities. If only one of the Licensees is leaving the Assigned Residential Unit, the Licensee who is moving will pay the transfer fee.

If the transfer reservation is cancelled within five (5) calendar days of the scheduled transfer date, the Licensee will still be required to pay the \$200.00 transfer fee.

NOTE: The transfer fee cannot be avoided by moving out of the Assigned Residential Facility and back into a new Residential Facility. The transfer fee will be applied to a Licensee who vacates Campus Housing then returns within thirty (30) days. The transfer fee will not apply if the Campus Housing Office requires the move.

Campus Housing will make every effort to honor a Licensee's request to transfer. However, under certain circumstances, a transfer request may be denied. A transfer request may be denied under the following circumstances:

- The Licensee's file contains more than one violation notice including but not limited to: noise violations, excessively dirty Assigned Residential Facility, use of tobacco products, and other rule, regulation or policy violations.
 - The Licensee has a history of late payments.
-
- The Licensee asks to transfer to a Residential Facility that they are not qualified to occupy (i.e., a single Licensee who requests a 2-bedroom Residential Facility).
 - The Assigned Residential Facility has been inspected by Campus Housing staff member and has not been approved for a transfer.

NOTE: A second Licensee (roommate) cannot be added to a Residential Facility when the first Licensee will be moving out of the Residential Facility within a six (6) month period. This includes transfers to another Residential Facility in Housing as well as to an off-campus Residential Facility.

EXTENDED ABSENCES

Licensees who plan on being away from their Assigned Residential Facility for more than one week should make the following arrangements before they leave: 1) Notify their Area Director so they will know the Assigned Residential Facility will be vacant for more than one week. Campus Housing will NOT monitor the Assigned Residential Facility while the Licensee is away. 2) Make sure the installments are paid or will be paid upon the Licensee's return.

ENTRY INTO THE APARTMENT

Housing reserves the right to enter the Licensee's apartment under the following conditions:

- In the event of an emergency, authorized Campus Housing staff will enter the Assigned Residential Facility without notice. A hangtag will be left in the Assigned Residential Facility to let the Licensee know that a Campus Housing staff member was inside. Examples of emergency situations include but are not limited to burst water pipes or other water leaks, fire or suspected fire, and other situations that threaten people or property.
- A Campus Housing staff member will enter the Assigned Residential Facility to complete requested repairs. It is not necessary for the Licensee to be inside for the Campus Housing staff member to complete a requested repair. They will not make an appointment to complete these repairs. If the Licensee is not at home when they arrive, they will leave a hangtag to let the Licensee know that they have been inside.
- Campus Housing will send a forty-eight (48) hour notice via email to perform maintenance work, fire equipment inspections and other necessary inspections or maintenance of the apartment. Notices are sent via email and posted on building entry doors.

LOCK OUT SERVICE/POLICY

A Licensee who is locked out of their Assigned Residential Facility must go the undergraduate front desk of University Flats. A staff member will grant entry, or a temporary key card will be programmed for the Licensee. The person locked out must provide a form of photo identification and must be a verifiable Licensee.

During summer months when the undergraduate front desk is closed, an on-call number will be posted for residents to contact a staff member for entry.

Licensees will receive three free lockouts. Any additional lockouts are a chargeable service billed at a minimum of \$90.00.

OTHER RULES AND REGULATIONS

STUDENT CODE OF CONDUCT

All Licensees living in University Flats are subject to the University of Kentucky Code of Student Conduct. This document can be accessed on the website located at: <http://www.uky.edu/StudentAffairs/Code>. Additionally, Bluegrass Community and Technical College (“BCTC”) students living in University Flats are also subject to the BCTC Student Code of Conduct. This document can be accessed on the website located at: https://systemofficemig.kctcs.edu/media/academics/kctcs_code_of_student_conduct_1117.pdf.

COMMUNITY LIVING REGULATIONS

Campus Housing strives to provide a safe, clean community for all its Licensees and has established rules that govern the behavior of Licensees and their guests so that everyone can enjoy living in our community. The Licensees are expected to comply with the rules and regulations contained in this Handbook. The Licensor reserves the right to update rules and regulations by notifying Licensees in writing.

APPLIANCES USE AND CARE

The Licensor will provide appliances, such as a cook stove and oven, a refrigerator, microwave, dishwasher, and washer and dryer. These appliances cannot be removed from the apartment. The Licensee is responsible for the proper use and care of all furnished appliances. The Licensee is responsible for cleaning all furnished appliances after each use.

The Licensee is responsible for reporting all repair needs to FIXIT (859-323-4948 or www.uky.edu/auxserv/fixit). Unreported problems may make the situation worse. The Licensee may be financially responsible for damages caused by not reporting problems in a timely manner.

Cook Stove and Oven

- Please use your cooking equipment safely. Never leave your Assigned Residential Facility when items are cooking. The Licensee is responsible for all damages that occur because of leaving cooking items unattended.
- The use of foil, plastic wrap, paper or other material to cover the cook stove, the oven, and on the wall behind or surrounding the cook stove is **strictly** prohibited. These items prevent proper venting and are considered a fire hazard. Grease and food buildup on these items are a fire hazard and draws pests.
- The Licensees should wipe down the stovetop after each use. Do not allow grease and food particles to buildup. This can cause a fire and draw pests.
- The range hood filter must be cleaned.
- The Licensee must not cover their stovetop drip pans with aluminum foil or other materials.

- The Licensees are responsible for cleaning the inside of the oven on a regular basis using a commercial oven cleaner. Spills inside the oven must be cleaned up immediately as they can be a fire hazard. Always use a product approved for cleaning the oven.

Refrigerator

- The refrigerator should be wiped down – inside and out – on a regular basis. Do NOT use a scrubbing pad on the exterior of the refrigerator. All spoiled food products should be disposed of immediately.
- The refrigerator should be kept closed except when adding or removing items. It will lose cold air if left open. It is especially important to keep the refrigerator closed if the electric power goes out or the refrigerator or freezer is not working properly.
- Do not overfill your freezer. Do not allow items to cover the air vents inside. Proper air circulation is required to operate the freezer and refrigerator.

COMMON AREAS

Common areas include hallways, stairways, community rooms and other areas used by all Licensees. The Licensees are responsible for the proper use of all common areas by the Licensee and their guests. Licensees are responsible for cleaning up after themselves in all common areas. Do not dispose of personal trash in the common areas. Children are not allowed to play in restricted commons areas such as hallways, stairways, mailrooms, and lobbies. The Licensee's activities, including but not limited to parties, must be conducted in a way that respects your neighbors. They must not be held late at night (inside or outside). The noise level must be kept to a minimum and must not violate our Quiet Hours Policy.

FIRE PREVENTION AND SAFETY

FIRE SAFETY GUIDELINES

Safety is the primary concern in the Campus Housing community and requires a cooperative effort from all those who live in and work in the community. **The following rules must always be observed:**

- Stairwell fire doors and corridor doors must be maintained in an operable condition and must be self-closing and self-latching. Do NOT prop open doors.
- Do NOT obstruct stairwells, corridors, and passageways.
- Flammable liquids, such as gasoline, paint thinner, charcoal lighter fluid, propane gas, etc., are strictly prohibited inside the Assigned Residential Facility.
- Candles, incense, halogen bulbs, and open flames are strictly prohibited inside the Assigned Residential Facility.
- Do NOT leave items being cooked unattended.
- Bicycles and motorized equipment, except those authorized for use by students with disabilities are strictly prohibited inside the Assigned Residential Facility and may be removed from the premises by UKPD.
- Do NOT damage or tamper with the smoke alarms, emergency lighting, or exit signs.
- Fire pull stations may be in the public areas of your Assigned Residential Facility.
- Fire pull stations are used to set off an alarm in the event of a fire. The fire pull stations are used ONLY in the event of fire.
- The Licensee will be assessed a \$50.00 fine if it is determined that the fire pull station alarm was activated for any reason other than a true emergency, by Licensee or their guests.

Residential Facilities

- Rooms shall NOT be subdivided with partitions.
- Beds must NOT be enclosed in any manner.
- Elevated beds (i.e., bunk beds or lofts) not provided by the University are strictly prohibited.
- The number of pieces of furniture must be appropriate to the size of the room. Furniture must NOT block access from a bed to the corridor door.

Electrical Issues

- Electrical equipment must be maintained and used in a safe manner.
- Regular extension cords (flexible cords) are strictly prohibited.
- Surge protectors that are grounded and have a built-in 15-amp circuit protection may be used. Surge protectors must be UL listed and may NOT be plugged into other surge protectors. The cord must NOT run under the carpet, through walls, under doors, or any other place that would subject it to physical damage. Damaged cords must be discarded.
- Multi-plug adapters are strictly prohibited.
- Air-freshener plug-ins (i.e., Glade™ plug-ins) with a built-in “outlet” (plug) may be used only if the outlet (plug) in the air-freshener is not used.

FIRE SAFETY POLICY

Each Residential Facility has an evacuation plan in the event of a fire. Please consult the back of your door for information concerning the nearest exit.

Fire drills, false alarms, and genuine fire alarms are indistinguishable. You **MUST** evacuate the building whenever the alarm sounds, and you may not reenter until the all-clear signal is given. Failure to evacuate during ANY alarm will result in disciplinary action being taken.

If a smoke alarm sounds or a fire strikes, the Licensee or their guests must evacuate the Assigned Residential Facility and building immediately. The Licensee will be fined for failing to comply with this requirement.

- Licensees who have a roommate or guests, should designate an outside meeting place in the event of fire evacuation to ensure that all occupants are accounted for during this type of emergency.
- Do NOT re-enter your Assigned Residential Facility until authorized to do so by the Fire Department, Police Department, or a Campus Housing staff member.
- Keep all matches and lighters out of the reach of children.
- Do NOT leave your Residential Facility if you have food or beverage items cooking on the stove or in the oven. The Licensees in violation of this policy will be charged a fine, plus the cost of damages and labor for repairs.
- Do NOT use water to attempt to extinguish an electrical or grease fire. Use a fire extinguisher. A fire extinguisher is provided in every apartment to be used in case of fire.

Smoke Detectors

The University conducts periodic inspections of smoke detectors. Between inspection periods, Licensee must report any smoke detector malfunctions (such as a chirping noise) to FIXIT (859-323-4948) so that maintenance can correct the problem. Do NOT remove or tamper with smoke detectors. The Licensee is strictly prohibited from disarming, removing from the wall, or otherwise tampering with the smoke detector in the Assigned Residential Facility. In some of our Residential Facilities, removing or damaging a smoke detector will disable all smoke detectors in the Residential Facility. This leaves the entire Residential Facility without protection in the event of a fire. The Licensees can be cited by the Fire Department and will be fined by Campus Housing if the smoke detector is removed or damaged by Licensee or a guest. A reinstallation charge plus the cost of replacement equipment will be assessed. The Licensee is strictly prohibited from covering the smoke detector in any way (i.e., with towels, bags, or other material) in an effort to block smoke from reaching the smoke detector, causing the alarm to fail.

Fire Suppression Systems

University Flats is equipped with fire suppression systems (water sprinkler heads) in addition to the smoke detectors. The Licensee will sign the "Fire Suppression Agreement" that provides information on the Assigned Residential Facility covered by their License. It is imperative that the sprinkler head is not damaged in any way, either by accident or vandalism. Do not hang anything on a sprinkler. Vandalism or abuse of sprinkler heads by the Licensee or their guests will result in the Licensee being assessed a fine. The Licensee must report any noticeable damage to the water sprinkler head or any other fire prevention equipment to FIXIT (859-323-4948).

Fire Extinguishers

Fire extinguishers are provided in every Residential Facility. The Licensee is responsible for requesting training on the proper use of the fire extinguisher. To learn how to use the fire extinguisher, contact FIXIT (859-323-4948). The Licensee must practice proper fire safety measures including, but not limited to, keeping matches and lighters away from minors, supervising all cooking activities and other activities involving the

use of fire. The Licensee will be charged for all damages plus a minimum \$90.00 fine if the source of a fire or smoke is unsupervised cooking in the Assigned Residential Facility.

Miscellaneous Fire Safety Policies

- A minimum \$90.00 fine will be charged to any Licensee who causes a smoke alarm to sound to smoke or fire caused by negligence.
- The Licensee will be held liable for additional financial responsibility for fire or smoke damage to the Assigned Residential Facility, its contents, as well as damage to surrounding Residential Facilities if it is determined that the fire was caused by negligence on the part of the Licensee or their guests.
- Negligence includes but is not limited to the following: unattended cooking; candles, incense, and other items that burn; cigarettes, cigars, and other smoking materials; as well as all any other violation of the University Fire Safety Guidelines, the Tobacco-free policy or the University Decorations Policy.
- Excessive clutter is a fire hazard and is not permitted. Stairwells, hallways, doorways, and exterior walkways (means of egress and ingress) cannot be used for any purpose other than entering or leaving the Residential Facility. Grills, trash, plants, boxes, toys, furniture, bicycles, or other personal items must not block these areas. Personal items, including bicycles, shall not to be stored in these areas. The Licensor reserves the right to remove these items if the Licensee refuses to do so.

Certain items are prohibited in all Residential Facilities. During fire and safety inspections, University officials will require the Licensee to remove all prohibited items including but not limited to:

- | | |

Approved Items

All electrical appliances must be UL-listed for their intended use. Coffee pots, electric blankets, fans, computer equipment, televisions, DVD players, stereo equipment, hairdryers, refrigerators, and microwave ovens are permitted. Appliances such as clothing irons, electric rollers, curling irons, etc., must be turned OFF before leaving the room. Appliance cords serving appliances must be in good condition. Hazardous conditions arising from defective, or improperly used appliances must be corrected immediately. Microwaves must be plugged directly into a wall outlet. Surge protectors are permitted for sensitive equipment. Surge protectors may not be plugged into another surge protector.

Licenses are encouraged to make reasonable additions to their living space to make it more comfortable and to personalize their residential unit, however, they must understand that the use of multiple electrical appliances in a room may place a strain on the building's electrical system. Overloading these systems can present safety hazards. The Licensees are asked to limit their use of electrical appliances to avoid overloads. A Licensee may be required to remove any appliance from a residential living facility if it causes repeated problems with a Residential Facility's electrical systems or presents a safety hazard.

MAINTENANCE AND OTHER SERVICES

MAINTENANCE AND REPAIRS

The Licensee is responsible for reporting maintenance needs. Needs must be reported when first noticed to ensure that a small problem does not become larger. Report all maintenance needs to FIXIT (859-323-4948 or www.uky.edu/auxserv/fixit) first to prevent any delays in service.

EMERGENCY work order requests must be reported by calling FIXIT (859-323-4948). Do NOT submit Emergency work order requests electronically. Only non-emergency requests may be sent via the website.

The types of requests that may be considered emergencies and should be reported by an **immediate** call to FIXIT include plumbing stop-ups and major leaks, electrical outages or shortages, any fire or safety hazard, security locks and doors, broken windows on lower floors, problems with stoves or refrigerators, and lack of heat or air conditioning.

Submit ROUTINE (non-emergency) work order requests (general maintenance, pest control, furniture, and general needs) via:

- Website: www.uky.edu/auxserv/fixit
- Telephone: 859-32-FIXIT or 859-323-4948

Telephone service is staffed twenty-four hours a day, seven days a week including official University holidays.

DRAINS AND PLUMBING SYSTEMS

All plumbing stoppages must be reported for maintenance. Never use commercial drain opening products. The Licensee should use a plunger to clean stoppages where applicable. Proper drain care is the responsibility of the Licensee and their guests. Improper drain usage may result in financial responsibility.

Proper use of the drains and plumbing system include the following items. More “Drain Care” information is online www.uky.edu/housing/resident-information-folder.

- Do NOT pour grease and food items into the sink, toilet, or tub. All clogs caused by improper care or use of drains will be charged to the Licensee.
- Do NOT remove tub or sink “stoppers” or covers. These devices prevent debris from going into the drain. All clogs caused by the removal of these items will be charged to the Licensee.
- Do NOT flush any foreign substance down the commode (except toilet paper). This includes disposable diapers, feminine sanitary products, etc. All clogs caused in this manner will be charged to the Licensee. The use of drain cleaners is strictly prohibited. The Licensee will be financially responsible for all damage to plumbing equipment caused using drain cleaners.
- The Licensee can attempt to repair minor plumbing clogs by using a plunger. This is the ONLY approved method by which the Licensee can attempt to unclog plumbing. The Licensee must contact FIXIT (859-323-4948) when they are not able to clear the clog with a plunger.

PEST INSPECTION AND CONTROL

Campus Housing provides pest treatment in building common areas on a routine basis every month.

Treating will not eliminate pests unless the Residential Facilities are kept clean and free of trash. The Licensees are responsible for maintaining the cleanliness of the Assigned Residential Facility and to dispose of trash promptly and properly. The pest control staff and maintenance staff will report Residential Facilities that do not adhere to cleanliness standards, fire safety violations, decorations policy violations, pest control guideline violations, and all other violations of University Flats policy. The Licensee will be notified when their Assigned Residential Facility is in violation and will be given a specified period during which the Assigned Residential Facility must be cleaned, or the violation corrected. The Assigned Residential Facility will be re-inspected. The Licensees who refuse to adhere to cleanliness standards or other University Flats policies will be subject to eviction upon obtaining a third written notice of their violation(s). Permission for entry is considered granted by Licensee when maintenance is requested.

- Do NOT leave garbage in the hallways, stairwells, or other public areas.
- The Licensee must dispose of all garbage in appropriate containers.

Campus Housing encourages all Licensees to participate in recycling. Paper, plastics, aluminum and tin cans,

cardboard and other materials can be recycled. The Licensee is responsible for putting recyclable items in the proper container. Please visit the following website to learn more about recycling at UK: www.uky.edu/facilities/cppd/services/facilities-services/recycling.

Plastic shopping bags can be taken to Kroger where a special recycle bin is set up. You may contact the Area Director for other recycling options for these items.

Compact fluorescent bulbs are considered hazardous waste and must be disposed of in accordance with University policy. Please visit our website to learn more about these bulbs:

The Licensee shall not use the internet that the Licensor provides to engage in any criminal, illegal or unauthorized activity and any such use is a default of this License. Repeated cleanliness violations will subject the Licensee to disciplinary action up to and including eviction. The Licensee is financially responsible for any damage incurred due to the violation of these regulations. The Assigned Residential Facility should always be kept reasonably clean and neat. Garbage should not be allowed to accumulate inside the residential unit or outside the apartment. Specific cleaning requirements and tips are as follows:

Air Conditioning and Heating

The door of the closet housing the air conditioning and heating unit (behind your front door) must be cleaned regularly. The Licensee should wipe the closet door with a damp rag once a month. The filters will not function properly if the doors are covered with dust or grease.

Shower/Bathroom

The shower/bathtub and sink should be cleaned with a commercial bathroom cleanser after each use. The toilet should be cleaned as needed with a commercial cleanser.

The Licensee and their guests should not leave garbage in the hallways, lobbies, or other common areas. Items should not be left in windowsills, on shelves or thrown on the floor. Please use common courtesy in these areas.

Some cooking styles involve an open-faced pot (i.e., frying pan, Wok, or gridiron) that allows grease to splatter heavily. Be sure to clean the cooking area, cabinets, and floors thoroughly if your cooking style involves this type of appliance. The Licensee will be responsible for any cleaning charges assessed due to this type of cooking style.

NON-COMPLIANCE

Any Campus Housing staff member can issue a "Warning Notice" for violations, including a dirty Assigned Residential Facility. The "Warning Notice" will be noted on the Licensee's computer file and may be filed in their official hard copy file. The Licensees are responsible for ensuring that their automobiles are licensed and insured. The University is not responsible for damage to Licensee's vehicle while parked or being driven on University property.

Each apartment has a washer and dryer within the unit. The Licensees are responsible for the proper use of the laundry equipment. Do NOT overload the washers. They will not clean properly if they are overloaded. Do NOT overload the dryers. Clothing will not dry properly if the dryer is too full. Overloading also causes maintenance problems with the equipment. Refer to the manufacturer's recommendations regarding the use of detergents, softeners, and bleach. Do NOT add more soap than the manufacturer recommends for the type of machine you are using. Laundry soap "pods" go directly into the washing machine. Clothing may not rinse properly if too much soap is used. Additionally, the washer may overflow if too much soap is used. The term “pet” includes, but is not limited to: dogs, cats, hamsters or other rodents, snakes or other reptiles, fish aquariums/tanks, birds, tarantulas and other creatures. The presence of an unauthorized animal/pet is a violation of the License and the Licensee will be charged a \$50.00 pet charge and may be subject to further disciplinary procedures up to and including eviction.

QUIET HOURS

Noise must always be kept to a minimum or acceptable level. “Quiet Hours” are observed between the hours of 7:00 p.m. and 7:00 a.m. so that the Licensees can study, relax, and sleep. During “Quiet Hours”, the Licensees are expected to confine noise levels to their apartment. Stereo and television equipment must be operated so that the noise is not audible outside the Assigned Residential Facility. If others (i.e., neighbors) request the Licensee to be quiet, the Licensees are expected to comply. The Licensee is responsible for ensuring guests adhere to this policy.

“Quiet Hours” are particularly important when Licensees are preparing for final exams. All Licensees are expected to observe a twenty-four (24) hour “Quiet Hours” beginning the week before finals and continuing until final exams are complete. The Licensees will receive notification if they are violating this policy.
